The Library does not prohibit the use of personal electronic devices in the library. We do regulate how they are used.

**CELLPHONE USE IN THE LIBRARY**

Patrons are asked to silence their cellphones upon entering the library by either placing the phone in vibrate/silent mode or by turning the phone off.

Patrons who receive cellphone calls while in the library are asked to answer the call in the lobby area or outside of the library.

**PORTABLE MUSIC PLAYERS**

These devices must be used with earphones or headphones. Also they cannot be used at a volume level that can be heard by others.

**PERSONAL COMPUTERS AND TABLETS**

Patrons are encouraged to use their own personal electronic devices in the library.
Patrons must comply with all policies that protect the library and other patrons. At a minimum the following polices apply:

- 3.6 Internet Policy
- 3.6 Internet Acceptable Use Procedure
- 3.7 CIPA Policy

We provide a wireless network for use by our patrons, which is filtered as required by the CIPA Policy.
